

VIAAN
CONSTRUCTION

Engineering your dreams with us.

About Us

For any **business quality is the key to success**, and we Viaan construction are well known for **delivery & quality service** along with the time compliance and of course competitive price.

Because of our quality services we have built ourselves a strong reputation among the civil and construction companies as well as our clients. **We are known for our commitment and innovation in the industry.** These qualities and our idea of working in partnership with our client help our clients to complete the project successfully.

Customer satisfaction is our highest priority, since last 13 years we are quite passionate about it and will remain the same in coming times.

The company was founded by **Mr. Sumit S Parakh (BE Civil 2003)** under the name **"Viaan Construction"** in 2013. During the course of time worked with in association with Rohan Group and SG Group and undertaken **many industrial and residential projects** from past Ten years. It is our intention to strive for excellence in the effective health and safety management of all construction sites under our control. **We also ensure that we comply with all legal obligations, relevant standards and codes of practice with a commitment** to develop a culture of safety within the civil construction industry.
